Synergy '25

Introduction

This theme reflects a bold vision for the future—one where ideas are not just concepts, but assets that fuel innovation, resilience, and sustainable growth.

By investing in ideas, we recognize the power of creativity, critical thinking, and entrepreneurial spirit as the true capital of tomorrow's economies. This approach celebrates the value of fresh perspectives, nurtures curiosity, and builds a foundation where imagination is transformed into impactful solutions for society.

SYNERGY'25 creates a vibrant platform that unites economists, innovators, leaders, and changemakers to foster dialogue, collaboration, and action. It emphasizes the importance of channeling resources and efforts into cultivating ideas that drive inclusive prosperity, bridge the gap between theory and practice, and prepare us for challenges of an interconnected world.

The theme resonates with the larger vision of Viksit Bharat@2047, reminding us that when we choose to invest in ideas today, we are laying the groundwork for a thriving, empowered, and sustainable tomorrow.

HIT-OUT

Kootniti

Are you ready to step into the shoes of economists, strategists and visionaries? Leaders who analyze, innovators who propose and decision-makers who steer the path of nations. This is your chance to navigate the challenges of the Indian economy and explore solutions that could define its future.

Here, it's not just about presenting—it's about understanding problems, crafting frameworks, and building policies that stand the test of reality. The challenge is simple yet profound—can you blend creativity with practicality and ground your ideas in logic and evidence to propose solutions that matter?

Through this event, you will hone the art of research, critical thinking, and policy design, while stepping into the role of change-makers. So, prepare your voices, ideas, and vision—because in the Kootniti, strategies will speak louder than words and your solutions could shape the narrative. The stage is set and the economy awaits your intervention.

Stock Shock Rules

ROUND 1 (ELIMINATION ROUND)

This will be an elimination round in which all the participants have to take a 30 min pen paper test consisting of 30 objective questions on financial market, financial literacy and investment and trading skills.

ROUND 2 (MOCK STOCK)

1. Participants clearing the elimination round will be selected for the second and the final round.
2. Round 2 of the event is a practice round with real trading scenarios, including market news, companies' quarterly results, settlements and consultations.
3. The participants will now be professional traders and will be trading stocks and other trading instruments from the brokers directly or indirectly with the help of financial advisors.

Stock Shock Rules

4. This round will be of 2 hours.
5. Participants will be given a fixed virtual trading capital of 30 lakhs.
6. The price will fluctuate on the basis of news flow and demand & supply mechanism.
7. The trading process will be carried out by the brokers and the brokerage will be charged w.r.t the transaction amount.
8. The participants will be provided with 1 transaction sheet. All transactions must be recorded by the broker on the transaction sheet and would provide their assent in order to validate the transaction.
9. Pre-Market session will be there at the start of round 2 for a period of 15 minutes and thereafter the event would continue with dynamic news inflows regarding various forms of market. There will be a news flow in every 2 min and its price effect will be announced after 1 min of the announcement.

Stock Shock

General Instructions

- If the participant trades in a particular stock, commodity, then any transaction in the same by that participant will only be done after 4 min of the previous transaction.
- Brokerage will be changed between 1% (minimum) and 3% (maximum) of the transaction value.
- It is mandatory for all the participants to utilize their full trading capital. The winner will be decided on the basis of the maximum profits, not the minimum trade and maximum cash. The round will be based on how the actual Indian financial market reacted in the last 4 quarters (not the financial year).

Judgement Criteria

Each participant should have at least 20 overall transactions and at least 2 transactions done in each sector. The total traded amount should not exceed fixed trading capital.
